Section 4. To supplement the appropriations made in Section 2 to the Board of Commissioners of State Institutions and to the State Tuberculosis Board, there is appropriated the sum of \$250,000 for fiscal year 1961-62 and \$250,000 for fiscal year 1962-63 from the General Revenue Fund to the Budget Commission to be used for supplying additional moneys for the purchase of food products, if the appropriations to said boards are insufficient to pay the necessary costs of properly feeding the population of the various state institutions under the supervision of said boards, and if the per day food cost recommended by the Budget Commission to the legislature is insufficient, either because of increased food costs or increased inmate population. This money shall be transferred to the affected requesting board's account only after the Budget Commission hears evidence and determines that the moneys appropriated to the said boards for the purchase of food products are insufficient for such purpose, after public hearing and upon the affirmative vote of five members of said commission.
